

My hats off to Acting Governor Codey for allowing the "Do Not Call" law to pass. It can never be strict enough. I know for sure I do not have nearly as many calls as I used to. In fact, it is pretty much at a standstill. Therefore, I would not like to see this law be lessened. The other states in our union should adhere as we do. Once you have it, you will not want to go back.

Thank you.
